YOU HAVE MADE A DIFFERENCE

Your support of MTEF last year enabled us to provide iPads, Chromebooks, and Carts in all six schools in the Mequon-Thiensville School District.

MTEF gifts provided print, science, and technology based resources for grades K-12. This equipment and resources can improve STEM: Science, Technology, Engineering, and Math learning and academic achievement for all students.

Established in 1998, the Mission of the Mequon-Thiensville Education Foundation is to develop community-wide private financial support for the Mequon-Thiensville School District, and through grants, to help support continued excellence in education.

The Mequon-Thiensville Education Foundation is committed to helping address the budgetary shortfalls and to ensuring that the Mequon-Thiensville School District advances in technology, curriculum, and personnel.
